

## How Kiss & Drive works

4 bays in Glenelg Street are designated Kiss and Drive bays, especially set aside for the set down and pick up of students.

- 🚗 Move as near to the front of the kiss and drive bays as possible.
- 🚗 Always be courteous to other road users
- 🚗 Children will wait under supervision in the school grounds near the kiss and drive bays
- 🚗 Bays are to be used only for the set down and pick up of students
- 🚗 If you arrive before 3.05pm (2.35pm on Tuesdays), please find a legal parking spot and do not wait in Kiss and Drive
- 🚗 If your child is not ready, do not stop, move on and drive around the block and start again
- 🚗 NO PARKING in the pick up bays
- 🚗 Always indicate to enter and leave the kiss and drive bays
- 🚗 Ensure children entering or exiting the vehicle use the passenger side & remember to put on their seatbelt

# Applecross Primary School Traffic Management

*The area around the school becomes extremely hazardous especially around the peak afternoon pickup period. Managing our traffic is part of providing a safe environment for our School.*

## School Parking

Areas in and around schools present potential parking problems as there may be speeding motorists, busy roads and a lack of available parking bays.

### Remember

It is an offence to stop or park a vehicle

- Within 3 meters of a double barrier white line
- Within 10 metres of an intersection
- On a footpath
- Blocking driveways
- Double parking
- Parking facing the wrong way
- Blocking the emergency vehicle access gate (in Sixth Avenue)

### How parents can help

- Walk or cycle to school
- Park nearby and walk a short distance to school
- Plan your trip so that you approach the school in an anti-clockwise direction (do not do a 3point turn in the road)
- Park according to signage, and note parking time restrictions
- Slow down around schools and be aware
- Park only in designated bays
- In sixth Avenue and Kishorn Road please do not park on the verge or footpath as you are

**“It takes  
12 minutes  
to walk  
1 kilometre  
and kids  
love to walk -  
how far from  
school do  
you live?”**

- endangering children walking or cycling on the footpath. You may not see them when reversing.
- Did you know that if you can meet your children 5 – 10 minutes after the siren, there is no congestion? For older children, this is a great idea.
  - Consider parking in McLennan Road and using the parking attendant when he/she is on duty.

When available volunteer wardens appointed by the school and approved by the City of Melville, will control traffic flow and ensure the operation is carried out with maximum safety.

## Traffic flow around our school

The best way to navigate around our school is to:

- 1 Approach from Kintail Road and head along Glenelg Street, travelling in an anti-clockwise direction around the school grounds.
- 2 Either park in marked bays around the school or for older children use ‘Kiss and Drive’.

Periodically police will monitor speeding and any other traffic movements and also City of Melville Rangers will visit the school and issue parking infringement notices.

When available volunteer wardens appointed by the school and approved by the City of Melville, will control traffic flow and ensure the operation is carried out with maximum safety.
