Dear Parents and Carers

As part of our Food and Fibre Technology, students from Rooms **14 and 16** will be having an **incursion** on Thursday **17 September 2020**.

Mr Roy Murphy has been running beekeeping workshops in schools and will provide a 60 minute interactive learning experience where students will learn about the importance of bees in our environment, the anatomy of bees and different types of bees, how bees make honey, the value of honey, and how humans can protect bees.

This incursion has strong links to Health, Science and Design Technology. To assist in the learning experience, students will be provided with a secure observation bee hive and a beekeeper suit.

The cost of this incursion is \$5.00 per student. This will be deducted from your child's upfront payment. Please ensure you forward payment if you have not already done so.

If you give permission for your son/daughter to be involved in this incursion, please complete the permission form attached and return it by **Monday 14 September 2020**. If you have any queries, please contact your child's teacher.

We look forward to an enjoyable and educational experience.

"Inspiring children to love bees and nature is not only life enriching for the child, but also a great way to help ensure the environment will be protected for future generations."

Kind regards

Lorraine Claux and Jana Young
Year 5 Classroom Teachers
