Dear Year 3 Parents/Caregivers

### **Future Proofing our Students – Year 4 Bring Your Own Device (BYOD) iPad**

We are excited to extend an opportunity that enables students to purchase and use their own iPad at school in Year 4 2022.

A long-term goal at Applecross Primary School is for the continual and consistent integration of digital technologies to support learning within every classroom. This is an exciting opportunity for our students to continue their learning in a safe environment that fosters creativity, learning and innovation. Students will learn to use computational thinking and information systems to define, design and implement solutions.

As a Year 4 parent in 2022, I am inviting you to an information session on Wednesday 10 November at 8:45am (location to be advised). Please RSVP to your class teacher if you are able to attend this information session.

In the meantime, please refer to the **Frequently Asked Questions** and **BYOD iPad Parent Guide** about our BYOD program attached and visit our website at [applecrossps.wa.edu.au/technologies](http://applecrossps.wa.edu.au/technologies) for more information.

Yours sincerely

**Antionette Soraci**  
**Deputy Principal**
