Staff accompanying students on excursions will take all reasonable care while the students are in their charge to protect them from injury and to control and supervise their behaviour and activities. Parents/guardians should be aware that staff members are not responsible for injuries or damage to property which may occur on an excursion where, in all circumstances, staff have not been negligent. Parents are required to inform the organisers well before the scheduled excursion departure of any change to their child's health and fitness so that appropriate supervision may be arranged. Where it is considered necessary, school staff will arrange medical assessment and treatment for students.
